

## SPECIAL EVENTS

VERT Sites provides Event Planners, Festival Producers, and Experiential Creators with Sustainable Materials Management solutions for handling a special event's waste and material streams.

We equip clients with the necessary tools needed for practical and optimal waste diversion, resource recovery, and sustainable branding opportunities.

Services include:

- Customized special event waste plan and design
- Material stream(s) container rentals and signage
- Material stream sorting and disposal services
- Material hauler negotiations, scheduling, equipment needs, and final disposal coordination
- Resource Recovery Crew staff
- Reporting services: Waste Diversion, Waste Characterization, and comprehensive Materials Management Reports
- Vendor communications and custom guidelines
- Donation management services
- Vendor material sourcing
- Municipal needs such as event permit services
- Portable sanitation consulting services
